Mr. Colby:

AT [ ] called to advise that the National Senior Cryptologic Course from NSA will be visiting the Agency on Tuesday, 21 November. General Walters will speak to the group at the close of the day, but you have been requested to greet the group, speaking to them for about ten minutes. The time suggested was 9:00, and I told [ ] that that was not the best time in the world, due to the Director's staff meeting. He then asked if you could do it at 8:50, and even then offered to get the group in by 8:30 if you would greet them. Do you wish to greet the class? Yes ☒ No ☐ If so, do you think 8:45 would give you enough time to get back up for the staff meeting?
